RE: Testimonial Letter

Dear Ms. Hookstead,

On the night of March 17th, 2005 Mike Domitrz gave us the opportunity to reach out to our 170 student athletes, coaches, & administration that were in attendance. Everyone felt Mike did a tremendous job getting his point across to the audience. By combining humor with serious issues the student-athletes were able to connect with him easier than we had expected.

We would without reservation invite back to our campus. I personally have already spoken with various colleagues in regards to Mike and his ability to connect with the audience at hand. I explained to them the importance of educating their students & student-athletes about the dangers of sexual assaults and what preventive measures Mike shared with us throughout his tremendous presentation.

Sincerely,

A handwritten signature in black ink that reads 'Jeffrey Falardeau'.

Jeffrey Falardeau
Assistant Athletic Director
Cabrini College
