

December 1, 2004

To Whom It May Concern:

I am writing this letter in regard to Mike Domitrz's "Can I Kiss You?" presentation. Mr. Domitrz came to Radford University's campus in October of 2004 as part of our events for Sexual Assault & Domestic Violence Awareness Month and was the speaker for our Take Back the Night Event on campus. His presentation received a very positive response from the over 800 students who attended this program. After his presentation, Mr. Domitrz also participated in the candlelight march and speak out held on campus, which meant a lot to the students who organized the event. Mr. Domitrz was very pleasant and easy to work with. I would recommend "Can I Kiss You?" to all campuses seeking an engaging, thoughtful, discussion - provoking approach to educating students about sexual assault.

Sincerely,

*Lee Carter, M.Ed., NCC*
