

Testimonials from “*Can I Kiss You?*” Presentation on Monday, May 12th, at Union College

Thanks for coming. The talk was **great!** The analogies and examples were super. The sexes also complimented – it helps to hear all sides & views. Thanks.

Great! One of the best speakers I have heard from all different areas.

Good talk. I liked the balance (male/female) in your presentation.

Your presentation was wonderful. I am leaving with a wealth of knowledge that I didn't even know existed before this. I am a mentor for residents on campus and I know this experience will be in my mind every time I am talking with a resident about relationships from now on. Thank you.

I thought that the presentation was very informative and entertaining. It was performed in a way in which everyone was comfortable and attentive.

Very effective. I am convinced. Keep up the talk!

Great presentation! **NEED** to find a way to get more men here.

Excellent and funny.

Thank you so much!

I thought the program was excellent. It is really something everyone should hear. Thank you.

Very effective & real to life.

I thought the presentation was great. Very thought provoking and I learned a lot – a lot of things I thought I already knew.

Great! I wish we could have had more people, but I guess that's my job.

Wonderful and informative!!

Great Talk!! Opened more eyes than any usual lecture we would have gone to.

I thought it was an excellent talk. Extremely informative & something everyone needs to hear!

Very good! I'll definitely think about this talk.

Good program. He was definitely good for the kind of students we have.

Thank you so much for coming to our school – I really enjoyed your lecture. Definitely opened my eyes to a lot of things that I didn’t even realize were issues. Thanks again.

It is great that you also give this talk to younger kids. It’s a new approach, but a lasting idea.

Thanks, Mike. You got me thinking & I will try to spread the word.

I thought it was great. Very active and held my attention the whole time.

Great talk . . . a very different perspective on dating and respectful for women & men. I’ll always ask.

Your presentation was incredible. The way you spoke to the group was great because you were not lecturing, but rather asking and helping us to answer your own questions.
