To Whom It May Concern:

Recently we had Mike Domitrz for a student assembly. Many students, faculty and staff told me that it was to best assembly we have ever had at Whitewater High School. His ability to speak to students as adults yet connect with them as kids is outstanding. He dealt with sensitive topics in a direct yet not offensive way. He provides some of his personal story to the students, which automatically gives him credibility with the audience. It was an emotional, inspiring and entertaining event. We will definitely have him back.

Vance Dalzin, Ed.D.

Principal

Whitewater High School
